### About us

We Are Bec of 30 families, and we meet every month for our monthly gatherings. We also work on continuing initiatives, such as charity. While we look up to everyone of them in our community, our major purpose is to help the poor and journey with them. Our most recent initiative with our young Bec coordinator is to engage more youngsters in our Bec community

# Mission And Vision

To be a community for the people

- Helping each other as a Bec Community and striving to achieve our goal together.

To be a community that fosters the youth

- Involving our children in our Bec activities and being a place for them to spread their wings.

To be a Christ like community

- To serve without hesitation, to care for the needed, to be the light for our future generations.
